

PMMC's Supply Drive

Pacific Marine Mammal Center invites you to help us during our busiest time of the year by joining the **Busy Season Supply Drive Campaign**.

At the peak of busy season, our volunteers will blend up 60 fish formulas and do 14 loads of laundry a day! Now that's a lot of Pedialyte, vitamins, Karo syrup, laundry detergent and bleach. You can help us stock up on the items we use everyday by organizing your family, friends, neighbors, co-workers, school, or organization members to collect as many of the items listed on the "[Supply Drive Wish List](#)" as you can.

Each item on the list has been assigned a point value. Once you or your group have finished collecting supplies, inventory the items and total up the points. Complete the *Participate Information* section on this form and deliver the items, along with this form, to PMMC. We are open from 10 – 4 every day. **Contest begins February 1, 2010 and ends March 31, 2010.** Inventory and point calculations are subject to verification by PMMC staff or volunteers.

Prizes will be awarded for first, second and third place. First place award includes a behind the scenes tour, catered picnic lunch in the visitor's area, invitation to a release and a special gift from PMMC.

If you have any questions, contact the Development Department by calling us at 949-494-3050 or emailing us at development@pacificmmc.org
